

Metro Market/Pick-n-Save Booth rules

At the store, we will provide outdoor space for troops to sell cookies. (If the store is able and willing to offer indoor space in the vestibule area, this is at the discretion of the Store Director. Please check in with the store manager at the beginning of your shift, but the troop should expect and plan to be located outdoors.)

The troop is expected to provide their own table, trash removal and any equipment they require to execute their sales. A maximum of 5 people (2 adults and 4 children) may be assigned to a shift/ be at the table.

While selling, groups are expected to be in uniform and present themselves in a professional manner. No solicitation or destruction/ reckless behavior will be tolerated. Groups are expected to leave the area as clean as they arrived; this includes removing all of their own empty boxes and trash. Do not leave trash in the vestibule. The Store Director may ask any group exhibiting unprofessional behavior to leave the store property.
