

April Patch Challenge

Girl Scout Tree Promise

KICK-OFF: MARCH 25, 2025 | CHALLENGE: APRIL 1-30

Begin Your Challenge:

Attend the Virtual Kick-off Event or Watch Recording

Girl Scouts everywhere are called to help by planting, protecting, and honoring trees in their backyards, camps, and communities nationwide. Every member and friend of our Movement is being asked to join state foresters to explore Wisconsin's forest ecosystems and learn why trees are nature's heroes. The Tree Promise is a collaboration between the Wisconsin Department of Natural Resources Division of Forestry and all Wisconsin Girl Scout councils. This is part of the International Girl Scout pledge to plan, protect, and honor over FIVE MILLION TREES by 2026. Be part of this bold initiative - TOGETHER we can do it! Complete all requirements to earn the Girl Scout Tree Promise patch

Attend the virtual kick-off and learn from a forester from the Wisconsin DNR Division of Forestry.
March 25 @ 5:30pm • \$10 (includes patch in the mail & kick-off event)

NEXT:

Earn your patch by completing additional minimum number of activities for your age level.
