APPLICATION PROCEDURE

Email cover letter and resume to Kathy, Director of Human Resources at HR@gsbadgerland.org. Candidates who apply on or before March 28, 2022 will be given priority consideration.

POSITION SUMMARY

Work with the Camp Director to develop a health care plan in accordance with Girl Scout Safety Activity Checkpoints, Girl Scout Safety Guidelines, Risk Management at Girl Scout Councils, WI State Health Code (DHS175), and American Camp Association standards. Coordinate ongoing health care in camp which includes dispensing medication, treatments, and supervision of sanitary conditions, while maintaining ongoing communication with the Camp Director. Careful attention to detail is a must in this position, in order to complete all necessary health records and file required reports.

BENEFITS

- You'll receive personalized, supplemental training prior to working with participants.
- You'll develop critical resume building skills and impactful, relevant job experience.
- You'll receive a highly competitive seasonal camp salary.
- You'll have the choice to live on-site or off-site depending upon applicant location
- You'll be working in a collaborative team-driven environment which will enhance your leadership skills.
- You'll be working alongside and potentially develop lifelong friendships with others from around the world.
- You'll be making a transformational difference—your job will be mission focused, meaningful work in the outdoors, supporting today's girls!

MAJOR ACCOUNTABILITIES

- Manage the health care for the camp- ensuring adherence to medical guidelines, health and cleanliness standards and adequate health conditions for all based on health safety and program standards according to DHS 175 and Girl Scouts USA.
- Under the direction of health care standing orders, give first aid in cases of illness or accident.
- Ensure each person at camp has a health history on file as required by state law and organizational standards and guidelines.
- Report serious illnesses and accidents to the appropriate parties as outlined by the health procedures. Submit appropriate reports in time specified.
- Lead an orientation with volunteers providing overnight first aid coverage to familiarize them with procedures and emotions that might arise.
- Monitor and evaluate day camp procedures, facilities and conditions. Suggest modifications that would create healthier conditions and practices.
- Administer and record all intake and delivery of medications and health care provided.

KEY RESPONSIBILITIES

- Attend and participate in all required pre-camp staff training and assist with the opening and closing of camp, including storage of equipment and final inventory in area of responsibility.
- Participate in and lead specific areas of virtual and on-site staff training regarding camp health and safety, CPR, First Aid, and the use of universal precautions for infection control.
- Participate in pre-camp CampDocs orientation.
- Prepare the camp Health Center prior to the start of camp including cleaning and sanitizing the facility, and stocking first aid supplies and current OTC medications.
- Work with Camp Director and administrative team to set up a system for efficient and effective health screenings for arriving campers and staff, as well as a system for health screenings for out of camp trips.
- Conduct ongoing inventory of supplies and place orders when necessary, ensuring timely arrival of supplies.
- Make appointments for campers or staff as necessary with medical and dental personnel in the community.
- Provide nursing care and emergency care to campers and staff.
- Coordinate continuous coverage of the Health Center.
- Post and maintain regular hours for administration of daily medications and health call.
- Lead by example and instruct campers and staff in effective self-care techniques.
- Interpret and maintain local, state, American Camp Association, and Girl Scouts of the U.S.A. standards for health and safety.
- Keep records and make reports as needed using the CampDoc.com electronic records system.
- Communicate camper care with parents following guidelines set by Badgerland Council, and in communication with the Camp Director and the Director of Girl Leadership.
- Assist in camper units as needed.
- Attend and participate in pre-camp staff training and assist with the closing of camp including final inventory and safe storage of Health Center supplies and equipment.
- In coordination with the Camp Director, provide in-service training and run emergency drills throughout the summer ensuring effective emergency response.
- Eat with campers, help supervise meals and clean up.
- Observe daily cleanliness in the food service facility and other areas throughout camp.
- Report any health problems or symptoms of illness to the Camp Director.
- All other duties as assigned

COMPETENCIES
